2019 Compliance Assessment Program Targeted Action Plan

Dear Mr. Kratofil:

The Michigan Division of the Federal Highway Administration (FHWA) has received and reviewed the targeted action plan developed in response to the recommendations from our 2019 Compliance Assessment Program (CAP) report. FHWA concurs with the proposal and looks forward to its incorporation into MDOT's construction manual.

The proposal points out FHWA's review efforts and indicates findings from those activities will trigger this targeted action plan. It is assumed that MDOT will also employ efforts to determine needs for targeted action internally.

If you have any questions, please contact Jeremy Riley at jeremy.riley@dot.gov or (517)702-1841.

Sincerely,

Mark A. Dionise P.E.
Engineering and Operations Manager

For: Russell L. Jorgenson, P.E.
Division Administrator
